These 3 centres may not be accepted as the number of schoolage children yet to be brought under instruction in the 10 selected centres is 5512 while 1/24 of the pupils of schoolage yet to be brought under instruction is only 5381. However, the cost has been worked out for all the 5512 pupils as the increase is only 131. Expenditure for the year 1945-46 has been calculated for 8 months only assuming that the scheme will come into effect

Memo 32 2WS ... 17.7.WS

Letter from the Dy. Sec. No. 2879 A/WS of 10.3.WS.
Introduction of compulsory elementary edn.
in selected villages in the South Kanara D.
In pursuance of resolution of
19.3.WS the Dt. Board, South Kanara has
proposed the introduction of compulsory elementary
edn. in
(1) ten centres comprising 23 villages
and (2) Moolkey and Bainoor Panchayat
areas and Bhannad + Kalmad villages.
The intention of the Govt. in which the villages should
be selected is mainly a means that the
number of children to be enrolled in schools in
the area as far as possible exceed one third of the
number of children now attending schools in the
Dt. As the number of children that will be brought
under instruction in the 23 villages (5512) will
itself exceed the maximum figure for South
Kanara (5381), the proposal to introduce
compulsory edn. in the four places referred to in (2)
above should be deferred. The D.B. South Kanara
is requested to place the matter before the
Dt. Bd. and get a resolution of the Board passed
to the postponement of the introduction of
compulsion in the four places and forward a copy
of the resolution to Govt.
2. The Resident is requested
to report whether the resolution of the Dt. Bd. of
9.3.WS was passed at a meeting of the Board
specially convened for the purpose and was
supported by the vote of not less than two-
thirds of the members present at the meeting
as required by section 64 of the Madras Elementary

asking him to obtain results in accordance with the provisions of the Act. In the absence however of a categorical indication at p.s.e.7, as is seen to occur in similar results of other D.Bs., that the figures were related to a special meeting and the result had been passed by a 2/3 majority, it was proposed to take the opportunity of a reference, to ascertain that point also.

LEGAL DEPARTMENT.

The local authority in this case has resolved to introduce compulsory elementary education within a specified part of the local area under its jurisdiction. It may not be the intention of the local authority to introduce the elementary education only in a portion of that specified area. Under section 45 (2) of the Elementary Education Act the Provincial Government has only power to accept or reject any resolution passed by a local authority. The Government cannot accept the resolution of the council with any modification which they deem fit. In this connection attention is invited to the language of section

45A (2) which provides that the Provincial Government may accept a scheme framed by a local authority or accept it with such modifications as they may deem necessary or they may reject it. The difference in the language of the two sections is significant. When there is specific provision in one section to accept with modifications and there is no such provision in another section of the same enactment the conclusion is irresistible that in the absence of a specific provision enabling the Government to accept with modifications, the Provincial Government can only accept or reject the resolution as passed by the local authority. It is therefore necessary to follow the procedure suggested at A on page 1 ante.

rernment, in ~~either~~ the order quoted above, have approved
e proposal to introduce compulsory Elementary Education in selected
llages in this District and have ordered that the same will take effect
om 20-10-1945. The D.P.I., Madras, in his reference quoted above,
quests me to ~~make~~ make preliminary arrangements for the opening of new
hools and for the provision of additional teachers, additional accommod-
ion and additional equipment in the existing schools for the centres
lected for compulsion.

2. In this connection, I desire to point out that the scheme
compulsory education cannot be worked out successfully and satisfact-
ily, unless the Government is pleased to sanction immediately

additional staff, both executive and clerical. I would like to suggest that the ten centres selected for the introduction of compulsory education in this District can conveniently be brought under three groups namely:-

Group I. Centres: 1.Surathkal, 2.Panambur and 3.Mudabidri.
Group II. Centres: 1.Malpe, 2.Basrur and 3.Gangolly.
Group III. Centres: 1.Hosdrug, 2.Tricarpur, 3.Manjeshwar and 4.Vittal.

I request, therefore, that Government may be pleased to sanction three posts of supervisors as suggested by the Director of Public Instruction in his letter No.1266-B-44, dated 27-2-45. Each of the above groups can be placed under one supervisor who will organize responsible local committees at each centre and guide them; he will also arrange for the purchase of food stuffs, etc., through the local committees. He will b required to pay frequent visits to the feeding centres and to see whether satisfactory meals are actually served and the stock and issue registers are properly maintained by the local committees. It is also possible to check in time all irregularities, misappropriations and defalcations by frequent visits and inspections by such supervisors. I would also suggest the desirability of allowing the Presidents of District Boards to make appointments of supervisors from among their subordinates, who have good experience of the localities and the working of the Elementary Education Act and who are tried honest men, as the responsibility for the successful working out of the scheme, lies with the District Boards.

3. In addition to the above mentioned posts of supervisors, I request that one post of a clerk, one post of a typist-clerk who will accompany the Dt.Board Educational Officer, during his tour, and four peons (1 for office and 3 for supervisors) may also be sanctioned, as the existing staff in the Ele.Education section of this office will not be able to cope with the additional volume of work involved in connecti with the scheme of compulsory education. I request that the above addi ional posts may be sanctioned at an early date, since the compulsion wi take effect from 20-10-1945

In my letter quoted above, I requested the Government to sanction the posts of three supervisors, one clerk, one typist-clerk, who will accompany the District Board Educational Officer during his tour, and four peons(one for office and 3 for supervisors) as the existing staff in the Elementary Education Section of this office will not be able to cope with the additional volume of work involved on account of the introduction of compulsory elementary education in this District with effect from 20-10-1945. But the Government have in their Memo.No.45188-A-1, Education and Public Health, dated 19-10-1945, sanctioned the employment in this office of one clerk, one typist and one attender or a peon only for a period of three months from the date of appointment, for the speedy disposal of connected with the introduction of compulsory elementary education in the District. Accordingly one clerk was appointed in this office with effect from 29-10-1945, one clerk typist as clerk from 12-11-1945 to 25-11-1945 and again from 7-12-1945 and a peon from 12-11-1945, and the above posts will have to be abolished with effect from 29-1-1946, 28-1-1946 and from 12-2-1946 respectively.

2. In this connection, I have to state that the work relating to the compulsory elementary education will not be over within three months and that there will be sufficient work for the above staff under the above scheme even after three months, such as, checking the accounts relating to the supply of midday meals to poor children disbursement of salaries to teachers appointed to schools in compulsory areas etc. Furthermore, I have to state that the work in the Elementary Education section of this office is increasing day by day and the continuance of the above staff in this office is a dire necessity for the efficient running of the administration of the

District Board, so far as Elementary Education is concerned.

3. In the circumstances, I request that the Government may be pleased to sanction the employment of the above staff in this office permanently, to attend to the work connected with the compulsory elementary education. The Budget committee of this District Board has, at its meeting held on 6-11-1945, made necessary provision for the above posts for four months in the Revised Estimate for 1945-46 and for the whole year in the Budget Estimate for 1946-47, as the above staff will be required permanently for the work connected with the compulsory elementary education. The District Board has, in its resolution No.41 dated 7-11-1945, approved the recommendation of the Budget Committee. A copy of the District Board Resolution is enclosed.

4. In addition to the above mentioned clerical staff, I would like to request the Government once again to sanction the employment of three supervisors as requested in my letter quoted above, since the scheme of compulsory elementary education, especially, the supply of midday meals to children attending Elementary Schools in compulsory areas, cannot be worked out successfully and satisfactorily unless the Government is pleased to sanction the above executive staff immediately.
